House concurrent resolution designating April 10, 2025 as Museums and Libraries Day at the State House

Whereas, museums and libraries are the cornerstone of our democracy, serve as public forums to debate big ideas, and are places to learn of past societies and gain guidance for shaping the future, and

Whereas, the State of Vermont is home to more museums per capita than any other state in the nation, with 48 museums per 100,000 residents, and there are nearly 300 statewide, and

Whereas, most Vermont museums are small local historical organizations, and their predominantly volunteer staff serve in these roles because they love their communities and the associated heritage these special institutions are preserving, in the form of archives, objects, and stories for future generations, and

Whereas, similarly, the State of Vermont hosts more libraries per capita than any other state, totaling 185 public libraries or 28 per 100,000 residents, and

Whereas, the modern library is not merely a convenient depository of circulating books and a wonderful place to read, but, equally important, it serves as the heart of our communities by lending tools; hosting musical performances and lectures; exhibiting films; acting as an emergency response hub and information technology access center; and, more broadly, as a community facility where curiosity can be satisfied and our common humanity shared among each other, and

Whereas, museums and libraries often combine their facilities and services, offering the best of both educational milieus, and

Whereas, today, April 10, 2025, staff and volunteers from the Vermont Historical Society, which, since 1838, has served as one of the premiere organizations in Vermont combining both museum and library facilities and services, are visiting the State House to remind the General Assembly of the great community worth of both their own institution and of museums and libraries across the Green Mountain State, *now therefore be it*

Second Reading; Amendments Offered and Withdrawn; Bill Amended; Third Reading Ordered

H. 454

Rep. Conlon of Cornwall, for the Committee on Education, to which had been referred House bill, entitled

An act relating to transforming Vermont's education governance, quality, and finance systems

Reported in favor of its passage when amended by striking out all after the enacting clause and inserting in lieu thereof the following:

* * * Findings and Intent * * *

Sec. 1. FINDINGS; INTENT; PLAN

(a) The General Assembly finds that:

(1) In 1997, the first piece of law the General Assembly enacted in response to the *Brigham* decision stated, "[t]he right to public education is

integral to Vermont's constitutional form of government and its guarantees of political and civil rights...[and] fundamental for the success of Vermont's children in a rapidly-changing society and global marketplace as well as the State's own economic and social prosperity." 16 V.S.A. § 1.

(2) From the very first attempt at creating a basic frame of government, Vermont's founders chose to include a right to public education, the only governmental service included in Vermont's first Constitution of 1777.

(3) As the U.S. Supreme Court stated in *Brown v. Board of Education*, 347 U.S. 483 (1954), "education is perhaps the most important function of state and local governments...[i]t is required in the performance of our most basic public responsibilities...[i]t is the very foundation of good citizenship."

(5) The most enduring legacy of *Brigham v. State*, 166 Vt. 246 (1997) is the State's responsibility to ensure substantially equal educational opportunities for all Vermont students.

(6) The education system is still reeling from the effects of a global pandemic, yet the same challenges that have faced Vermont's education system remain. Thirty to 40 years ago, Vermont educated more than 110,000 students each year. Today, there are approximately 84,000 students in the public education system. Many schools have lost a significant number of students and, with them, the ability to offer robust services and programs at every school. Vermont's youth need to be prepared for a rapidly evolving future.

(7) Vermonters deserve an exceptional educational system that is stable and predictable and where a student's home address does not dictate the quality of education they receive. School district size and boundaries, school size, and class size are all influential factors in shaping the quality of instruction and overall student outcomes. The effectiveness of our schools depends on teacher quality, resource availability, and the unique strengths of local communities. Change in our educational system is needed. Systems are made of people, so change must come carefully and thoughtfully, with meaningful engagement by all Vermonters.

(b) Intent; plan.

(1) To ensure each student is provided substantially equal educational opportunities that will prepare them to thrive in a 21st-century world, it is the intent of the General Assembly to work strategically, intentionally, and thoughtfully to ensure that each incremental change made to Vermont's public education system provides strength and support to its only constitutionally required governmental service.

(2) It is further the intent of the General Assembly to:

(A) in the 2026 session, enact new, larger school district boundaries and begin the process to create voting wards within each school district to ensure school board membership is apportioned in such a manner as to achieve substantially equal weighting of the votes of all voters in the election of school board members;

(B) provide or enable the provision of the necessary staffing, resources, and support to the Agency of Education, the Secretary of State's Office, town clerks, and other integral parties to the election system to hold the first school board member elections within the newly created school districts in November 2028; and

(C) provide or enable the provision of the necessary staffing, resources, and support to the Agency of Education, State Board of Education, and other integral parties to ensure that the necessary guidance and funding is in place to allow for a smooth and successful transition between the operation of Vermont's current 119 school districts to the new, larger school districts, with new school districts assuming responsibility for the education of all resident students on July 1, 2029.

* * * Commission on the Future of Public Education * * *

(v) to the extent practical, not separate towns within school districts as those boundaries exist on July 1, 2025;

(vi) to the extent practical, consider the availability of regional services for students, such as designated agencies, and how those services would integrate into the new proposed school district boundaries;

(vii) to the extent practical, result in school districts with a minimum average daily membership of approximately 4,000 students; and

(viii) to the extent practical, consider historic attendance patterns in geographic areas that do not operate public schools at all grade levels from kindergarten through grade 12.

(B) The subcommittee may consider and make recommendations for the optimal location of schools, including CTE programs, to meet the requirements contained in subdivision (A) of this subdivision (1).

Sec. 3. SCALE; INTENT

It is the intent of the General Assembly to transform education in Vermont by leveraging attainable and research-based scale to increase equity of opportunity and promote efficiency and affordability.

Sec. 4. 16 V.S.A. § 165 is amended to read:

§ 165. EDUCATION QUALITY STANDARDS; EQUAL EDUCATIONAL OPPORTUNITIES; INDEPENDENT SCHOOL MEETING EDUCATION QUALITY STANDARDS

(a) In order to carry out Vermont's policy that all Vermont children will be afforded educational opportunities that are substantially equal in quality, each Vermont public school, including each career technical center, shall meet the following education quality standards:

* * *

(9) The school complies with average class size minimum standards; provided, however, that when class size minimums apply to content areas, an individual class may be smaller than the minimum average. As used in this subdivision, “content area” means a group of courses within a specific licensing endorsement area.

(A) Class size standards.

(i) The average class size minimum for kindergarten classes shall be 12 students.

(ii) The average class size minimum for grades one through four shall be 15 students.

(iii) The average class size minimum for grades five through 12 in all required content area classes shall be 18 students.

(iv) Multiage classrooms for grades kindergarten through eight shall be limited to two grade levels per classroom.

(v) Career and technical education, flexible pathways, terminal courses, advanced placement courses, courses that require specialized equipment, and driver’s education classes shall be excluded from the class size minimum requirements in this subdivision (9). Small group services for the purpose of providing special education, supplemental or targeted academic intervention, or English learner instruction shall also be excluded from the class size minimum requirements in this subdivision (9).

(vi) Class sizes shall not exceed the maximum occupancy limits established by local and State fire codes, including egress and safety requirements.

(B) Waivers. If a school board determines that it operates a school that is unable to comply with the class size minimum standards due to geographic isolation, or a school has developed an implementation plan to meet the standards contained in this subdivision (9) that may include consolidation or merger, the school board may ask the State Board of Education to grant it waiver from this subdivision (9). The State Board shall define what qualifies as geographic isolation in its rules adopted pursuant to subdivision (a)(3) of this section. The State Board’s decision shall be final.

(C) State Board action. If the Secretary determines that a school is not meeting the class size minimum standards set forth in this subdivision (9) over the course of two consecutive school years, the Secretary shall recommend to the State Board one or more of the actions listed in subsection (b) of this section, regardless of whether the school is meeting all other

education quality standards. The State Board shall then follow the procedure of subsection (c) of this section.

(b) Annually, the Secretary shall determine whether students in each Vermont public school are provided educational opportunities substantially equal to those provided in other public schools. If the Secretary determines that a school is not meeting the education quality standards listed in subsection (a) of this section or that the school is making insufficient progress in improving student performance in relation to the standards for student performance set forth in subdivision 164(9) of this title, ~~he or she~~ the Secretary shall describe in writing actions that a district must take in order to meet either or both sets of standards and shall provide technical assistance to the school. If the school fails to meet the standards or make sufficient progress within two years ~~of following~~ the determination, the Secretary shall recommend to the State Board one or more of the following actions:

(1) the Agency continue to provide technical assistance for one more cycle of review;

(2) the State Board adjust supervisory union boundaries or responsibilities of the superintendency pursuant to section 261 of this title;

(3) the Secretary assume administrative control of an individual school, school district, or supervisory union, including budgetary control to ensure sound financial practices, only to the extent necessary to correct deficiencies;

(4) the State Board close an individual school or schools and require that the school district pay tuition to another public school or an approved independent school pursuant to chapter 21 of this title; or

(5) the State Board require two or more school districts to consolidate their governance structures.

(c) The State Board, after offering the school board an opportunity for a hearing, shall either dismiss the Secretary's recommendation or order that one or more of the actions listed in subsection (b) of this section be taken. The action ordered by the State Board shall be the least intrusive consistent with the need to provide students attending the school substantially equal educational opportunities. A school board aggrieved by an order of the State Board may appeal the order in accordance with the Rules of Civil Procedure.

* * *

(e) If the Secretary determines at any time that the failure of a school to meet the education quality standards listed in subsection (a) of this section is severe or pervasive, potentially results in physical or emotional harm to students or significant deprivation of equal education opportunities, and the

school has either unreasonably refused to remedy the problem or its efforts have proved ineffective, ~~he or she~~ the Secretary may recommend to the State Board one or more of the actions listed in subsection (b) of this section. The State Board shall then follow the procedure of subsection (c) of this section.

* * *

(g) In addition to the education quality standards provided in subsection (a) of this section, each Vermont school district shall meet the school district quality standards adopted by rule of the Agency of Education regarding the business, facilities management, and governance practices of school districts. These standards shall include a process for school district quality reviews to be conducted by the Agency of Education. Annually, the Secretary shall publish metrics regarding the outcomes of school district quality reviews.

Sec. 5. FAILURE TO COMPLY WITH EDUCATION QUALITY

STANDARDS; STATE BOARD ACTION

Notwithstanding 16 V.S.A. § 165(b)(4) and (5) and any other provision of law to the contrary, the State Board shall be prohibited from ordering school district consolidation or school consolidation if a school fails to comply with class size minimum education quality standards and the resulting consolidation would result in school construction costs in excess of the applicable district's capital reserve account until the General Assembly establishes new school district boundaries and takes further action regarding the consequences for failure to meet education quality standards.

Sec. 6. STATE BOARD OF EDUCATION; RULES; REPORT

(a) Rules.

(1) The State Board of Education shall initiate rulemaking to amend the Education Quality Standards rule 2000 series, Agency of Education, Education Quality Standards (22-000-003), pursuant to 3 V.S.A. chapter 25:

(A) on or before August 1, 2026, to ensure compliance with the class size minimum standards set pursuant to 16 V.S.A. § 165(a)(9); and

(B) On or before July 1, 2027, to adopt standards for statewide proficiency-based graduation requirements based on standards adopted by the State Board and recommendations from the Agency of Education.

(2) On or before August 1, 2026, the State Board of Education shall initiate rulemaking to amend the approved independent school rule 2200 series, Agency of Education, Independent School Program Approval (22-000-004), pursuant to 3 V.S.A. chapter 25, to require approved independent schools that intend to accept public tuition to comply with the class size minimum

standards set pursuant to 16 V.S.A. § 165(a)(9). The amendments shall also create a process for review by the State Board for failure to meet the class size minimum requirements and the corresponding actions the Board may take for such noncompliance; provided, however, that the Board shall provide an approved independent school a substantially similar opportunity to come into compliance with class size minimum standards that it would provide to a public school.

(b) Report. On or before December 1, 2025, the State Board of Education shall submit a written report to the House and Senate Committees on Education with proposed standards for schools to be deemed “small by necessity.”

Sec. 7. SCHOOL SIZE; INTENT

(a) It is the intent of the General Assembly to encourage the efficient use of public funds to modernize school infrastructure to deliver identified 21st century educational goals.

(b) It is further the intent of the General Assembly that each public school operating grades six through 12, or some subset of those grades, shall have a minimum average daily membership of at least 450 students, at least in part by providing a robust State aid for school construction program that is driven by standards for quality for public schools, geographic accessibility, statewide enrollment trends, and capacity and scale that support substantially equal educational opportunities for all Vermont students.

Sec. 8. PROHIBITION ON SCHOOL CLOSURE AND TRANSITION TO PAYING TUITION

Notwithstanding any provision of law to the contrary, a school district shall be prohibited from closing an existing public school and then providing for the education of its resident students by paying tuition for its students to attend a public or approved independent school chosen by the parents of the district’s students. If a school district that closes an existing public school is unable to provide for the education of its affected resident students in a different school or schools operated by the district, the school district shall provide for the education of its resident students by designating three or fewer public schools to serve as the public school or schools of the district, in accordance with the process contained in 16 V.S.A. § 827.

Sec. 9. 16 V.S.A. § 3440 is added to read:

§ 3440. STATEMENT OF POLICY

It is the intent of this chapter to encourage the efficient use of public funds to modernize school infrastructure in alignment with current educational

needs. School construction projects supported by this chapter should be developed taking consideration of standards of quality for public schools under section 165 of this title and prioritizing cost, geographic accessibility, 21st century education facilities standards, statewide enrollment trends, and capacity and scale that support best educational practices. Further, it is the intent of this chapter to encourage the use of existing infrastructure to meet the needs of Vermont students. Joint construction projects between two or more school districts and consolidation of buildings within a district where feasible and educationally appropriate are encouraged.

Sec. 10. 16 V.S.A. § 3442 is added to read:

* * * Findings and Intent * * *

Sec. 1. FINDINGS; INTENT; PLAN

(a) The General Assembly finds that:

(1) In 1997, the first piece of law the General Assembly enacted in response to the *Brigham* decision stated, “[t]he right to public education is integral to Vermont’s constitutional form of government and its guarantees of political and civil rights...[and] fundamental for the success of Vermont’s children in a rapidly-changing society and global marketplace as well as the State’s own economic and social prosperity.” 16 V.S.A. § 1.

(2) From the very first attempt at creating a basic frame of government, Vermont's founders chose to include a right to public education, the only governmental service included in Vermont's first Constitution of 1777.

(3) As the U.S. Supreme Court stated in *Brown v. Board of Education*, 347 U.S. 483 (1954), "education is perhaps the most important function of state and local governments...[i]t is required in the performance of our most basic public responsibilities...[i]t is the very foundation of good citizenship."

(4) The most enduring legacy of *Brigham v. State*, 166 Vt. 246 (1997) is the State's responsibility to ensure substantially equal educational opportunities for all Vermont students.

(5) The education system is still reeling from the effects of a global pandemic, yet the same challenges that have faced Vermont's education system remain. Thirty to 40 years ago, Vermont educated more than 110,000 students each year. Today, there are approximately 84,000 students in the public education system. Many schools have lost a significant number of students and, with them, the ability to offer robust services and programs at every school. Vermont's youth need to be prepared for a rapidly evolving future.

(6) Vermonters deserve an exceptional educational system that is stable and predictable and where a student's home address does not dictate the quality of education they receive. School district size and boundaries, school size, and class size are all influential factors in shaping the quality of instruction and overall student outcomes. The effectiveness of our schools depends on teacher quality, resource availability, and the unique strengths of local communities. Change in our educational system is needed. Systems are made of people, so change must come carefully and thoughtfully, with meaningful engagement by all Vermonters.

(b) Intent; plan.

(1) To ensure each student is provided substantially equal educational opportunities that will prepare them to thrive in a 21st-century world, it is the intent of the General Assembly to work strategically, intentionally, and thoughtfully to ensure that each incremental change made to Vermont's public education system provides strength and support to its only constitutionally required governmental service.

(2) It is further the intent of the General Assembly to:

(A) in the 2026 session:

(i) enact new, larger school district boundaries that would be effective July 1, 2027;

(ii) enact updates to career and technical education governance systems, both at the local and statewide levels, that are reflective of the larger public education governance transformation to new, larger school districts;

(iii) create a coordinated and coherent statewide strategy for career and technical education that is responsive to students and the state's workforce needs and that provides opportunities for more integration between career and technical education and traditional high school work;

(iv) enact student-centered updates to career and technical education funding within a foundation formula that does not create competition between sending schools and career and technical education programs for available funds; and

(v) begin the process to create voting wards within each school district to ensure school board membership is apportioned in such a manner as to achieve substantially equal weighting of the votes of all voters in the election of school board members;

(B) provide or enable the provision of the necessary staffing, resources, and support to the Agency of Education, the Secretary of State's Office, town clerks, and other integral parties to the election system to hold the first school board member elections within the newly created school districts in a special election in March 2028; and

(C) provide or enable the provision of the necessary staffing, resources, and support to the Agency of Education, State Board of Education, and other integral parties to ensure that the necessary guidance and funding is in place to allow for a smooth and successful transition between the operation of Vermont's current 119 school districts to the new, larger school districts, with new school districts assuming responsibility for the education of all resident students on July 1, 2029.

* * * Commission on the Future of Public Education * * *

The State Board shall define what qualifies as geographic isolation in its rules adopted pursuant to subdivision (a)(3) of this section. The State Board's decision shall be final.

If the Secretary determines that a school is not meeting the class size minimum standards set forth in this subdivision (9) over the course of two consecutive school years, the Secretary shall recommend to the State Board one or more of the actions listed in subsection (b) of this section, regardless of whether the school is meeting all other education quality standards. The State Board shall then follow the procedure of subsection (c) of this section.

(b) Annually, the Secretary shall determine whether students in each Vermont public school are provided educational opportunities substantially equal to those provided in other public schools. A school board aggrieved by an order of the State Board may appeal the order in accordance with the Rules of Civil Procedure.

* * *

(e) If the Secretary determines at any time that the failure of a school to meet the education quality standards listed in subsection (a) of this section is severe or pervasive, potentially results in physical or emotional harm to students or significant deprivation of equal education opportunities, and the school has either unreasonably refused to remedy the problem or its efforts have proved ineffective, ~~he or she~~ the Secretary may recommend to the State Board one or more of the actions listed in subsection (b) of this section. The homestead property tax rate for each municipality that is a member of a union or unified union school district shall be calculated as required under subsection (e) of this section: a rate sufficient to cover expenditures from the Education Fund under 16 V.S.A. § 4025(b) other than supplemental district spending, after accounting for the forecasted available revenues. It is the intention of the General Assembly that the statewide education tax rate under this section shall be adopted for each fiscal year by act of the General Assembly. The statewide education tax rate shall be adjusted for homestead property and each general class of nonhomestead property provided under section 4152a of this title as follows:~~

The legislative body in each municipality shall then bill each property taxpayer at the ~~homestead or nonhomestead~~ applicable rate determined by the Commissioner under this subdivision, multiplied by the education property tax grand list value of the property, properly classified as homestead or nonhomestead property and without regard to any other tax classification of the property not authorized under this chapter. Statewide education property tax bills shall show the tax due and the calculation of the rate determined under subsection (a) of this section, divided by ~~the number resulting from dividing the~~ municipality's most recent common level of appraisal ~~by the statewide adjustment~~, multiplied by the current grand list value of the property to be taxed. Statewide education property tax bills shall also include language provided by the Commissioner pursuant to subsection 5405(g) of this title.

(2) Taxes assessed under this section shall be assessed and collected in the same manner as taxes assessed under chapter 133 of this title with no tax classification other than ~~as homestead or nonhomestead property~~ those required by this section; provided, however, that the tax levied under this chapter shall be billed to each taxpayer by the municipality in a manner that clearly indicates the tax is separate from any other tax assessed and collected under chapter 133, including an itemization of the separate taxes due. The bill may be on a single sheet of paper with the statewide education tax and other taxes presented separately and side by side.

(3) ~~If a district has not voted a budget by June 30, an interim homestead education tax shall be imposed at the base rate determined under subdivision (a)(2) of this section, divided by the number resulting from dividing the municipality's most recent common level of appraisal by the statewide adjustment, but without regard to any spending adjustment under subdivision 5401(13) of this title. Within 30 days after a budget is adopted and the deadline for reconsideration has passed, the Commissioner shall determine the municipality's homestead tax rate as required under subdivision (1) of this subsection. [Repealed.]~~

(c)(1) The treasurer of each municipality shall by December 1 of the year in which the tax is levied and on June 1 of the following year pay to the State Treasurer for deposit in the Education Fund one-half of the municipality's statewide ~~nonhomestead tax and one-half of the municipality's homestead~~ education tax, as determined under subdivision (b)(1) of this section.

(2) The ~~Secretary of Education~~ Commissioner of Taxes shall determine each municipality's net ~~nonhomestead~~ education tax payment and its net homestead education tax payment to the State based on grand list information received by the ~~Secretary~~ Commissioner not later than the March 15 prior to the June 1 net payment. Each municipality may retain 0.225 of one percent of the total education tax collected, only upon timely remittance of net payment to the State Treasurer or to the applicable school district or districts. ~~Each municipality may also retain \$15.00 for each late property tax credit claim filed after April 15 and before September 2, as notified by the Department of Taxes, for the cost of issuing a new property tax bill.~~

~~(A) Determine the municipal district homestead tax rate using the base rate determined under subdivision (a)(2) of this section and a spending adjustment under subdivision 5401(13) of this title based on the per pupil education spending in the municipality who attends a school other than the union school.~~

~~(B) Determine the union district homestead tax rate using the base rate determined under subdivision (a)(2) of this section and a spending adjustment under subdivision 5401(13) of this title based on the per pupil education spending of the union school district.~~

~~(C) Determine a combined homestead tax rate by calculating the weighted average of the rates determined under subdivisions (A) and (B) of this subdivision (2), with weighting based upon the ratio of union school long-term membership, as defined in 16 V.S.A. § 4001(7), from the member municipality to total long-term membership of the member municipality; and the ratio of long-term membership attending a school other than the union school to total long-term membership of the member municipality. ~~expense. If necessary, the Commissioner may adopt a rule to clarify and facilitate implementation of this subsection (e). [Repealed.]~~

(f)(1) A supplemental district spending tax is imposed on all homestead and nonhomestead property in each member municipality of a school district that approves spending pursuant to a budget presented to the voters of a school district under 16 V.S.A. § 563. The Commissioner of Taxes shall determine the supplemental district spending tax rate for each school district by dividing the school district's per pupil supplemental district spending as certified by the Secretary of Education by the supplemental district spending yield. The legislative body in each member municipality shall then bill each property taxpayer at the rate determined by the Commissioner under this subsection, divided by the municipality's most recent common level of appraisal and multiplied by the current grand list value of the property to be taxed. The bill shall show the tax due and the calculation of the rate.

(2) The supplemental district spending tax assessed under this subsection shall be assessed and collected in the same manner as taxes assessed under chapter 133 of this title with no tax classification other than as homestead or nonhomestead property; provided, however, that the tax levied under this chapter shall be billed to each taxpayer by the municipality in a manner that clearly indicates the tax is separate from any other tax assessed and collected under chapter 133 and the statewide education property tax under this section, including an itemization of the separate taxes due. The bill may be on a single sheet of paper with the supplemental district spending tax, the statewide education tax, and other taxes presented separately and side by side.

(3) The treasurer of each municipality shall on or before December 1 of the year in which the tax is levied and on or before June 1 of the following year pay to the State Treasurer for deposit in the Education Fund one-half of the municipality's supplemental district spending tax, as determined under subdivision (1) of this subsection.

(4) The Commissioner of Taxes shall determine each municipality's net supplemental district spending tax payment to the State based on grand list information received by the Commissioner not later than the March 15 prior to the June 1 net payment. Payment shall be accompanied by a return prescribed by the Commissioner of Taxes. Each municipality may retain 0.225 of one percent of the total supplemental district spending tax collected, only upon timely remittance of net payment to the State Treasurer or to the applicable school district.

The allocated amount shall be determined by the nonprofit corporation or community land trust on a proportional basis. The nonprofit corporation or community land trust shall provide to that homeowner, by January 31, a certificate specifying the allocated amount. § 6066a. DETERMINATION OF HOMESTEAD PROPERTY TAX

EXEMPTION AND MUNICIPAL PROPERTY TAX CREDIT

(a) Annually, the Commissioner shall determine the homestead property tax exemption and the municipal property tax credit amount under section 6066 of this title, related to a homestead owned by the claimant, based on the prior taxable year's income and for the municipal property tax credit, crediting property taxes paid in the prior year, and for the homestead property tax exemption, exempting the housesite value in the claim year. The Commissioner shall notify the municipality in which the housesite is located of the amount of the homestead property tax exemption and municipal property tax credit for the claimant for homestead property tax liabilities on a monthly basis. The municipal property tax credit of a claimant who was assessed property tax by a town that revised the dates of its fiscal year, however, is the

excess of the property tax that was assessed in the last 12 months of the revised fiscal year, over the adjusted property tax of the claimant for the revised fiscal year, as determined under section 6066 of this title, related to a homestead owned by the claimant.

(b) The Commissioner shall include in the total homestead property tax exemption and municipal property tax credit amount determined under subsection (a) of this section, for credit to the taxpayer for ~~homestead~~ statewide education property tax and supplemental district spending tax liabilities, any income tax overpayment remaining after allocation under section 3112 of this title and setoff under section 5934 of this title, which the taxpayer has directed to be used for payment of property taxes.

(f)(1) For taxpayers and amounts stated in the notice to towns on or before July 1, municipalities shall create and send to taxpayers a ~~homestead~~ property tax bill, instead of the bill required under subdivision 5402(b)(1) of this title, providing the total amount allocated to payment of ~~homestead~~ statewide education property tax liabilities and notice of the balance due. Municipalities shall apply the amount of the homestead property tax exemption allocated under this chapter to current year property taxes in equal amounts to each of the taxpayers' property tax installments that include education taxes and the amount of the municipal property tax credit allocated under this chapter to current year municipal property taxes in equal amounts to each of the taxpayers' property tax installments that include municipal taxes. Notwithstanding section 4772 of this title, if a town issues a corrected bill as a result of the notice sent by the Commissioner under subsection (a) of this section, issuance of the corrected new bill does not extend the time for payment of the original bill nor relieve the taxpayer of any interest or penalties

associated with the original bill. If the corrected bill is less than the original bill, and there are also no unpaid current year taxes, interest, or penalties, and no past year delinquent taxes or penalties and interest charges, any overpayment shall be reflected on the corrected tax bill and refunded to the taxpayer.

(2) For homestead property tax exemption and municipal property tax credit amounts for which municipalities receive notice after November 1, municipalities shall issue a new ~~homestead~~ property tax bill with notice to the taxpayer of the total amount allocated to payment of ~~homestead~~ property tax liabilities and notice of the balance due.

(3) The homestead property tax exemption and municipal property tax credit amount determined for the taxpayer shall be allocated first to current year housesite value and property tax on the homestead parcel, next to current-year homestead parcel penalties and interest, next to any prior year homestead parcel penalties and interest, and last to any prior year housesite value and property tax on the homestead parcel. No homestead property tax exemption or municipal credit shall be allocated to a housesite value or property tax liability for any year after the year for which the claim or refund allocation was filed. No municipal tax-reduction incentive for early payment of taxes shall apply to any amount allocated to the property tax bill under this chapter.

(4) If the homestead property tax exemption or the municipal property tax credit amount as described in subsection (e) of this section exceeds the property tax, penalties, and interest due for the current and all prior years, the municipality shall refund the excess to the taxpayer, without interest, within 20 days of the first date upon which taxes become due and payable or 20 days after notification of the exemption or credit amount by the Commissioner of Taxes, whichever is later.

(g) The Commissioner of Taxes shall pay monthly to each municipality the amount of municipal property tax credit of which the municipality was last notified related to municipal property tax on homesteads within that municipality, as determined by the Commissioner of Taxes.

§ 6067. ~~CREDIT~~ CLAIM LIMITATIONS

(a) Claimant. Only one individual per household per taxable year shall be entitled to a homestead exemption claim or property tax credit claim, or both, under this chapter.

(b) Other states. An individual who received a homestead exemption or credit with respect to property taxes assessed by another state for the taxable year shall not be entitled to receive a credit under this chapter.

A renter credit claim shall be filed with the Commissioner on or before the due date for filing the Vermont income tax return, without extension.

(b)(1) If ~~the~~ a claimant files a municipal property tax credit claim after October 15 but on or before March 15 of the following calendar year, the municipal property tax credit under this chapter:

(1)(A) shall be reduced in amount by \$150.00, but not below \$0.00;

(2)(B) shall be issued directly to the claimant; and

(3)(C) shall not require the municipality where the claimant's property is located to issue an adjusted ~~homestead~~ property tax bill.

(2) If a claimant files a homestead property tax exemption claim under this chapter after October 15 but on or before March 15 of the following calendar year, the claimant shall pay a penalty of \$150.00 and the municipality where the claimant's property is located shall not be required to issue an adjusted property tax bill.

A disallowed claim may be recovered by assessment as income taxes are assessed. The assessment, including assessment of penalty, shall bear interest from the date the claim was credited against property tax or income tax or paid by the State until repaid by the claimant at the rate per annum established from time to time by the Commissioner pursuant to section 3108 of this title. The claimant in that case, and any person who assisted in the preparation of filing of such excessive claim or supplied information upon which the excessive claim was prepared, with fraudulent intent, shall be fined not more than \$1,000.00 or be imprisoned not more than one year, or both.

(b) In any case in which it is determined that a claim is or was excessive, the Commissioner may impose a 10 percent penalty on such excess, and if the claim has been paid or credited against property tax or income tax otherwise payable, the municipal property tax credit or homestead exemption shall be reduced or canceled and the proper portion of any amount paid shall be similarly recovered by assessment as income taxes are assessed, and such assessment shall bear interest at the rate per annum established from time to time by the Commissioner pursuant to section 3108 of this title from the date of payment or, in the case of credit of a municipal property tax bill under section 6066a of this title, from December 1 of the year in which the claim is filed until refunded or paid.
